CLARION STATE COLLEGE CLARION, PA. CLARION STATE COLLEGE

THE SEQUELLE 1963 1964

PRESIDENT JAMES GEMMELL

If as Emerson wrote, "It is the eye which makes the horizon," then surely in a free society it is education which makes the eye. Education, above all, is a drawing out; it is not a cramming in. The trouble with most levels of formal education is that they have too much respect for information which so often becomes quickly obsolescent and too little for ideas, without which all information and meaningless. The difficulty is that no one can put ideas into our heads. We must put them there ourselves. A good education, however, can generate conditions conducive to the discovery of ideas, can nurture their growth, and can help us to find rational bases for them. The central task of education, therefore, is to aid man in his search for ideas that may be useful to him in his attempts to deal with chaotic bodies of new materials. This is the goal toward which Clarion students and faculty strive. I trust that your endeavors have been rewarded, and I covet for you the continued excitment that awaits you in the world of ideas.

JAMES GEMMELL, President

DR. RUSSELL V. MORGAN

To the Students of Venango Campus:

There certainly need be no bottom to our barrel, so to speak. The only limits on learning and maturing at Venango Campus are those that students of limited imagination impose on themselves.

Here, at our branch Campus, we recognize that educational opportunities are as far-reaching as time itself... because in every one of the many ways Venango Campus serves your needs, we concentrate on doing our share to help you share in a better future for yourself. Ours is a serious attempt to brighten, enlighten, and heighten your future.

Are you doing your share to prepare for that future, or is your limited imagination placing the bottom in the barrel?

STUDENT SENATE

STUDENT SENATE OFFICERS

C. Darrel Sheraw, President Steve Tarapchak, Vice-President Virginia Crowe (hired), Secretary Robert Avery, Parliamentarian The Student Senate is an elected body of students chosen to represent the students in administrative matters. The major functions include appropriating the funds of the Clarion's Student's Association to the various campus organizations and appointing various students to serve on Student Affairs Committees. The Senate now has its own office in Music Hall and will coordinate student affairs from there. The Student Senate is a representative organization and therefore must derive its strength from the student body. Active participation and interest on the part of the students are vital to insure an effective student governing organization.

Circle K International is a service organization for college men, sponsored by Kiwanis International and maintaining the same ideals and objectives. There are more than 9,500 members on its rolls, representing a total of over 480 clubs on as many college campuses. This Clarion club sponsors such events as the blood drive, Silver Dollar Days, and Winter Capades, as well as ushering for various college and community functions. The club won a gold plaque for being the most active club in Pennsylvania for the school year 1962-63. This year the club is working toward that same goal.

ASSOCIATION OF WOMEN STUDENTS

The Association of Women Students is one of the newest organizations on Clarion's campus and hopes very soon to become a member of the National Association of Women Students. A.W.S. is the governing body which represents all women students enrolled at Clarion State College. Through various academic and social activities, it strives to encourage the personal development of each woman by promoting high standards of scholarship, ethical conduct, and campus leadership.

Some of the activities this past year included sponsoring Big-Little Sister Party, supervising the election of House Council members, supplying resident halfs with magazines and newspapers, promoting Christmas parties and caroling, and Mother's Day Teas, and sending two A.W.S. officers to the Intercollegiate Association of Women Students Convention in Rochester, New York.

DEBATE TEAM

DEBATE CLUB OFFICERS

Kathy Hewston, President M. Arnell Hawks, Vice-President Lou Trent, Treasurer The Debate Team is composed of young men and women who strive for perfection in the art of public speaking. Undoubtedly, debating is work, but it has many advantages. Besides going on trips and meeting students from other colleges, debating affords the student the opportunity to learn to "think on his feet," to do research on interesting subjects, and to find the fallacies of superficially sound reasoning.

The debaters of Clarion State College are thankful for a successful year and are looking forward to many more.

BIOS CLUB

The aim of the Bios Club is to afford the student of Biology a broader prospective in the field of biological science. In order to accomplish this aim, monthly speakers are obtained from other colleges, high schools, communities, and our own faculty. These programs range from the practical phase of new development and research in the biological sciences.

In addition to these regular meetings, the Bios Club is planning to participate in several one day field trips, and at least one weekend field trip to some research laboratory outside the state. Also in the planning stage this year is the formation of Beta Beta a national honorary fraternity for biology students.

S.C.A., a non-denominational Christian organization, has made its goal that of setting forth a Christian witness on campus. The purpose of S.C.A. is to increase the spiritual and social growth of all students of Clarion State College. We encourage attendance in the various Clarion churches for further Christian fellowship. The regular Tuesday night meetings of S.C.A. include guest speakers, Bible charades, panel discussions, sing-spirations, and special holiday services. S.C.A. has present at each meeting one chaplain provided by the Ministerial Association of Clarion to assist with devotional guidance of all members. S.C.A.'s outstanding accomplishment for this year was the rewriting of its constitution. This new constitution, by itself has better equipped the S.C.A. to serve the Clarion State College campus.

The purpose of the Newman Club is to deepen the spiritual and to enrich the temporal lives of its members through a balanced program of religious, intellectual, and social activities. Its policies are suggested by the National Federation and the Regional Province of Newman Clubs, to which the chapter on the Clarion Campus belongs.

The Newman Club provides several formal classes in the academic curriculum of theology and the social effect of the Christian heritage in our American way of life past and present; participates in the college's program with other groups to develop school spirit and loyalty to our alma mater, operates a student center at 723 Main Street as place for the students to develop a variety of interests; sets up masses and Sacraments at a time available to students; and gives an opportunity to provide greater social life in their college days — dances, pizza nites, buzz sessions, etc.

"Who's this character?" "Think of a caption for this picture, will ya?" "Type this write-up." "Gimme a cigarette!" These are just a few of the cries that are typical of a Sequelle meeting. Meeting deadlines, planning layouts, picking the cover, and deciding upon which picture to use are also an inherent part of our meetings. As each layout was completed and each deadline met (on the spur of the moment) the 1963-64 Sequelle came nearer and nearer to completion. The Sequelle now before you is the final result of months of planning and work. We of the Sequelle staff sincerely hope you will appreciate the product of our efforts.

MUSIC AND DRAMA

A CAPPELLA CHOIR

DIRECTOR: WM. M. MACDONALD

The one hundred and fifty members of the Clarion State College A Cappella Choir inaugurated a new era in the history of the college on December 14, 1963 when they, together with choristers from Peabody Conservatory and Morgan State College, performed G.F. Handel's oratorio, The Messiah, with the Baltimore Symphony Orchestra. For the first time, Clarion choristers had the opportunity to perform a major work with an established symphony orchestraand perform they did! The audience was captivated by the youthful exuberance and musical ability of the choristers and the critical reviews in the Baltimore papers the next morning were all very favorable. All in all-a lasting and aesthetically satisfying experience!

The second semester 1963-64 brought with it an intense rehearsal schedule for the choir. With Mendelssohn's Elijah scheduled for March 23rd and the musical, West Side Story, scheduled for May 4 through 9, the Spring Semester was a busy one indeed. Rehearsal followed, each becoming more pointed, and sometimes overlapping. Such is the way of a busy choir. The choral students a Clarion set very high standards during the 1963-64 college year, standards which will serve as goals for Clarion State College Choirs of the future.

PANHELLENIC COUNCIL

Panhellenic Council is the advisory governing board for the five sororities on campus. The main purpose of the council is to maintain a cooperative relationship between the sororities and also with the administration. Panhellenic Council is responsible for all the rules and activities pertaining to rush, pledging, and initiation.

This year, the Panhellenic Council sponsored a freshman reception and, for the first time, a similar reception for the upperclass women. Later in the year, the freshmen girls were given a further opportunity to meet the sorority girls in a meeting in the chapel. Panhellenic also cooperated with Inter-Fraternity Council for the annual Greek Sing and Dance.

The Interfraternity Council is made up of two members from each of the six fraternities on campus. The six fraternities which make up the council are Alpha Chi Rho, Alpha Gamma Phi, Phi Sigma Epsilon, Sigma Tau Gamma, Theta Chi, and Theta XI. The organization is under the direction of Dr. Rishel, the Dean of Students. The Council acts as a lawmaking and problem-solving body for the fraternities. Under its constitution, the Council regulates the quality point average required of pledges and other pledging activities of the fraternities. It also handles fraternity violations and tries to solve any problems a fraternity may have.

The Interfraternity Council also governs the establishment of the new fraternities on the campus. The Council adds to the social life of the Clarion students by sponsoring a Pre-Easter Dance. With the cooperation of member fraternities and the Panhellenic Council, the Interfraternity Council also has high hopes of holding other social events which will benefit the entire student body.

The three-fold purpose of the sorority strives to strengthen the sisters socially, spiritually, and scholastically. Socially, Beta Chi participates in Homecoming festivities, Panhellenic teas, the annual Christmas caroling party, rush parties, weekend parties, Greek Sing, Spring Weekend at Cook Forest, Miss C.S.C. Contest, and our Mother's Day Tea. Service to community, nation, and world is promoted by donating a basket to a needy family at Thanksgiving, making tray favors for the patients of Clarion Hospital at Christmas and Easter, contributing to Houston Mission in Kentucky, aiding in the National Cancer Drive, and participating in other worldwide philanthropic projects. To help finance these projects Greek glasses and small CSC pennants were sold. This past year scholastic competition between the sisters was climaxed by a Smarty Party in which the team with the lowest grade average gave a party to the sisters with the highest average. Not only are Beta Chis found on the Dean's List, but also in speech, music, and sport activities. and are employed on campus. The sisters of Beta Chi Upsilon like to include their mascot, the Beta Bunny in all events and activities,

Alpha Gamma Phi, the oldest fraternity on campus, holds as its ideals fellowship, scholarship, and character. Ever since its founding on March 3, 1930, the Gammas have carried on the tradition of being one of the school's most active organization. Some of the activities of the Gammas are the annual Homecoming float, Spring and Fall Rush Parties, Alumni Banquet, Spring Formal, participation in the annual Greek Sing, participation in the Winter Capades and Spring Carnival, and in various other formal and informal social events. Gammas live up to their reputation through the years of being the most athletic fraternity. They participate in all intramural sports and have brothers in every intercollegiate sport. Spirit and leadership in this organization has been unprecendented over the decades, and each year the Gammas seem to become a more important cog in the transmission of the high ideals at Clarion.

Phi Sigma Epsilon is a national social fraternity which was founded in February, 1910. It has been a member of the National Interfraternity Conference since 1952. The main objective of Phi Sigma Epsilon is to promote a closer bond among men students of higher educational institutions, so that they might enter into a more intimate fellowship with those dedicated to education and a better understanding of men. Phi Sigma Epsilon installed its Phi Eta Chapter at Clarion State College on January 31, 1959. Clarion's "Phi Sigs" continued in traditional style with their booming sound of the Phi Sig cannon at every football game of the year to stir enthusiasm and pep among students and Golden Eagle grid team. Our entry in the Homecoming float competition, "Transportation and Communication from the Old World to the New," received honorable mention placing fourth in the competition. Miss Judy Kuhns reigned as our "Tea Rose Queen" throughout the year. The parties held throughout the year were highlighted by the outstanding ones at Halloween, Thanksgiving, Christmas, and Easter for which live entertainment was featured by Count and the Valiants. Winter finds Phi Sigma Epsilon active in the Winter Capades snow sculpturing in which we placed third, and the various intramural sports. The rushing and pledging of freshman, Greek Night, and intramurals highlight the spring semester. Our annual "Tea Rose Formal" was the colorful climax to one of our most eventful and successful years ever held by the fraternity. The Brothers of Phi Sigma Epsilon owe a special debt of gratitude to Professor Frank M. Campbell for his friendship and guidance, which so greatly contributed to the success of all

Since it was founded in 1920, Sigma Tau Gamma has been dedicated to high ideals of manhood and brotherhood, good scholarship, democratic principals, good citizenship, development of good personal characteristics and social poise, mature thinking and action, loyalty and service to college, community, and fraternity.

Being primarily a social fraternity, we sponsor and participate actively in a number of social functions. During the year we are active in various intercollegiate and intramural sports. With the coming of Autumn Leaf Festival and Homecoming,

we are busily engaged in parade float competition. In October, we have our fall rush party followed by the initiation of upperclassmen in December. Spring activities include Greek Night, open house, alumna day, spring rush party, initiation of freshman, and a number of costume parties. As a high point of the Spring semester Sigma Tau Gamma holds an annual White Rose Ball.

Clarion battled every inch of the way under Coach Al Jacks leadership. During the first four games of the year Clarion walked off the field unscored against. Homecoming 1963 saw the Clarion Golden Eagles victorious over the Bald Eagles of Lock Haven. This year's team was made up primarily of underclassmen who will be back next year.

I'll clobber the guy that took my basketball!

This year's basketball team can be proud of their efforts. Although they finished the season with a record of 10-8, they were as sharp as a needle on the court. With the fine ball handler, Earl Highlands, a freshman, Clarion starred in dribbling, passing and manuevering. Terry Thompson, Ken Griffin and Jack Derlink sent the ball through the hoop time after time and Jim Rachinni did his part by sweeping the backboard clean. Remember its not how well you win, its how you play the game. There was never a dull game at Harvey Gym.

Under the more than excellent coaching of Mr. Frank Lignelli, the team completed an 11-0 season. Our fantastic grapplers averaged 27 points per match. The Clarion College matmen also participated in the Bloomsburg Tournament. Mr. Lignelli assures us next year's team will be right on top also. Good luck to them.

Ron Wise, President Buzz Joyce, Vice-President Don Gesin (missing), Secretary Harry Miller, Treasurer Mr. Lignelli, Advisor The Varsity "C" Club is made up of men of the college who have earned the "C" in one of the intercollegiate sports.

The objectives of this club are to aid in the maintenance of pleasant relationships with other colleges and to promote a high standard of conduct on the part of members of the athletic teams.

Under the excellent sponsorship of Mr. Lignelli, this club is one of the most active clubs on campus. Blazers, sweaters, and jackets are awarded to the members of the club for earning their "C" for two or more years.

Money for these awards is raised by such activities as selling refreshments at football and basketball games, by selling homecoming pins, and by soliciting student body and faculty contributions through booster sales.

The Varsity "C" Club also sponsors an All-Sports Banquet in the Spring to which members and guests are invited.

The Women's Athletic Association sponsors the intramural competition for women. Membership is ascertained by the acquiring of a certain number of points gained through the participation in sports. The intramural program furnishes an opportunity for those with officiating as well as playing abilities.

Development of desirable traits of sportsmanship and leadership and the ability to work and play with others are promoted at all times. Efforts toward improvement of personal skills are likewise encouraged through class intramural participation. The purpose of the program is to make athletics functional in the life of the individual in school and after graduation.

| SKI CLUB |

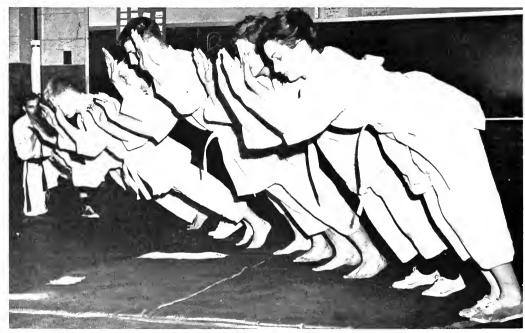

On Saturday, February 29, 1964, Clarion State College students participated in the Pennsylvania Inter-Collegiate Ski Championship at Blue Knob. It was the first time our skiers have participated in such a tournament. Although you could probably hear their knees knocking, the team placed first in the intermediate slalom, second in the women's slalom, and first in the giant slalom. After practicing on Given Slope all day, the skiers can get warm again by the glow from the three trophies they brought home from the Knob.

Two sources of food -- which one is the better?

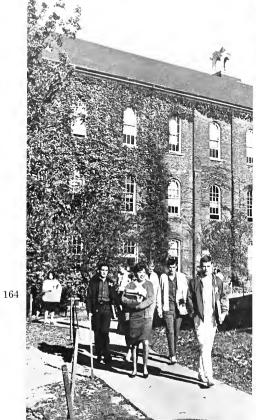

The old vs. the new.

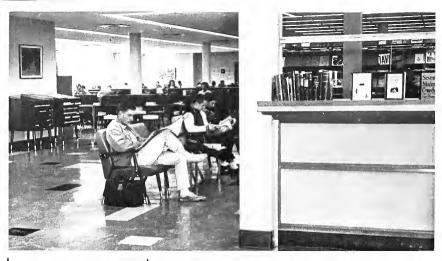

Mass confusion reigns supreme!

Quality with a price that's right?

Hi, Ho! Hi, Ho! to the Eagle's Nest we go!

Where we study sometimes?

Sing along with "Mitch" Donald — MacDonald, that is.

Dr. Gemmel speaks at Student Leader hip Workshop.

Hmm, I see the class pictures were taken yesterday.

This is a poor picture of "Mickey and the Deltones" on our closed-circuit TV show, "Cool Yule".

Damn-it Miller! You're suppose to stand still for a picture.

Notice the straight-line design of the ceiling lights in this fire-trap.

Now this is a real candid photo of some Ralston Hall residents.

An instructor ponders this young lady's question.

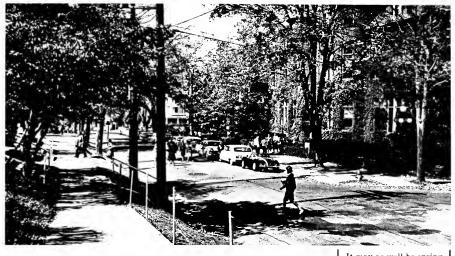

Everyone is sure Joe doesn't spell his name backwards. (The negative, as you can see, was printed in reverse.)

What's everyone looking at?

Who's the Theta Chi in the middle?

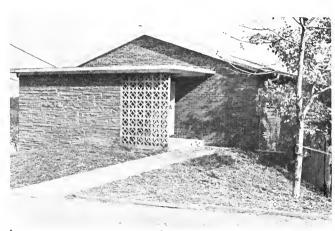

Gee, I wish I had such a gentlemanly brother-in-law!

The Theta Chi House.

The Sigma Tau Gamma House.

The new Alpha Gamma Phi House.

The Phi Sigma Epsilon House.

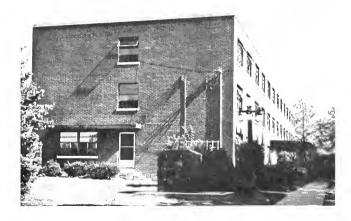

I don't care what you say, I still think it's too big for a dinner bell.

The Theta Xi House.

The buildings may be old but the spirit's high.

Our apologies to the member of the 1962-63 Homecoming Court whom we cut off on page 17 of the 1962-63 Sequelle.

WE'RE NOT PERFECT!

CLARION'S FUTURE

Mr. Joseph Spence, Director of College Development, discusses Clarion's Future with F. Earl Wensel at Student Leadership Workshop held the first week of September, 1963.

The home of the marble staircase-Ralston Hall, the campus's newest women's residence hall.

Jefferson Hall, a residence hall for women, which houses the Sigma Sigma, Delta Zeta, and Beta Chi Upsilon sororities.

Clarion is more than a college. Its dimensions are varied, obvious, subtle, and nebulous. It has its own culture, its guidelines to the future, and an interrelationship with the past. These all play a significant role in the student's experience and literally shape and give form to his being. The physical environment is a vital component within these broad dimensions.

We have accepted the challenge to develop and create for Clarion the rich physical environment so essential to a dynamic educational experience. The building program currently underway was initiated with the designing of the comprehensive master plan in 1960. This plan is not static but involves continuous review and modification directed by changing means and ends.

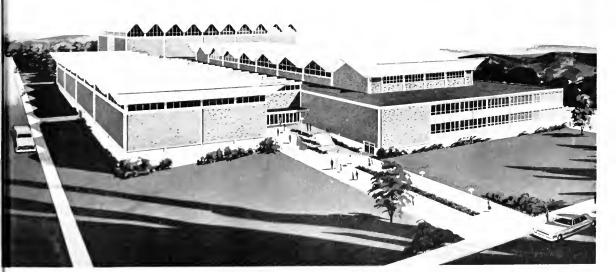

Planning involves an interplay between the philosophic goals, policies, programs, and aspirations of the college as a whole. The buildings currently under construction reflect the sensitive judgment of many people who have given long and considered study to the varying concepts and needs of Clarion. It is only through a complete integration of ideas that a building can attain significant form and function.

Clarion has begun an ambitious physical expansion program. Additional facilities are in the planning stage and we are looking forward to the realization of the comprehensive master plan. The challenge to assure final success is extended to all.

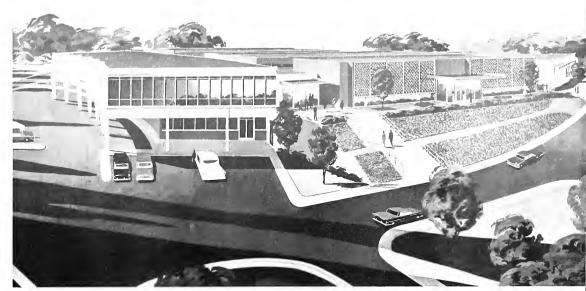

Clarion's newest addition is the closed-circuit TV system shown here with operator Bill Mushrush.
